## SUCCESSFUL REVOLT.

San Domingo Insurrection Gaining on Every Side.

Trial of Dreyfus Conducted in Secret Sessions.

Senator Beveridge, of Indiana, From Philippine Islands.

ENGLISH PARLIAMENT.

Cape Haytien, Hayti, Aug. 9.—General Francisco Liriano, sent from General Cristóbal to the Dominican government to attack General Ramon Pacheco at Dejacion, headquarters of the revolutionists, was abandoned when he arrived in front of the enemy by his troops, who, without firing a shot, deserted and entered the camp of General Pacheco. Advance posts of the latter are at Las Aguas. The revolutionists are masters of the fort across the river Yaque, cutting off communication between General Cristóbal and the interior. The forces of Jimenez, leader of the revolution, are being augmented every day. News from every part of the Dominican republic are favorable to him.

Trial of Dreyfus.  
Rennes, Aug. 4.—This secret session of the Dreyfus court martial today lasted from 6:30 to 11:15. General Chambrin nearly completed his part of the examination. He will be heard to-morrow about a couple of hours and then M. Paléologue, of the foreign office, will take up the task which it is understood will be completed on Friday. A public session therefore will take place on Saturday. The dossier consists of about 400 documents, of which fifty were disposed of yesterday.

Senator Beveridge Returns.  
Victoria, B. C., Aug. 9.—Senator Beveridge, of Indiana, returned by Empress City to-day from Manila, accompanied by Mrs. Beveridge and two leading residents of the Philippine colony of Americans, Dr. J. Donnell and R. D. Wood, each of whom have made Manila his home for more than a quarter of a century. "You may say," Senator Beveridge replied to questions "that I absolutely decline to express any opinion at the present time as to General Otis, the future of the Philippines or anything else."

Prices of the Metal Raised by Missouri Association.  
Joplin, Mo., Aug. 9.—The citizens of the Missouri-Kansas Miners Association's fight against the smelters for higher prices for zinc was reached today when the association announced that it had made the prices on all grades of zinc ore for the next six months. This means prices for about \$50,000,000 of zinc ore. Hereafter the schedule prices have been made weekly. Since the association organized the price of ore has almost doubled. The schedule for the ensuing half year makes the price for ore running 63 per cent metal \$46 per ton and for every one per cent metal \$1 less for the ton. The zinc ore of the district generally runs 60 and 65 per cent metal. It is predicted that high grade zinc ore will go to \$50 within a month.

Hurricane at St. Croix.  
St. Thomas, D. W. I., Aug. 9.—A hurricane swept over the island of St. Croix Monday night. Lowest barometer 29.12. Much damage was done, but no deaths have as yet been reported. The force of the storm was also experienced at St. Thomas, but the damage done was very slight. Negro huts were the chief sufferers. The enormous sea, however, did damage to wharves, but there is no loss of life. St. Kitts and Anguilla islands are believed to have suffered but communication with these islands is temporarily interrupted.

Yellow Fever.  
Washington, Aug. 9.—Surgeon Viceroy were Surgeon General Wyman of the hospital service, from Soldiers (France, Hampton, Va., as follows: No change—everything favorable. Nearly all in tests that can be moved. Disinfection of buildings are being pushed along by Surgeon Von Ertel.

Wrecked a Car.  
Cleveland, Ohio, Aug. 9.—A Big Consolidated street car was wrecked by explosives at 3 o'clock this morning on the Wade Park avenue line near Cactus Drive, a loosely stop adjoining Wade Park. No one was injured.

Severe Cyclone.  
Washington, Aug. 9.—Glasford, signal officer at San Juan, Porto Rico, reports that a severe cyclone swept over that city and that several persons were killed and much property destroyed.

English Parliament.  
London, Aug. 9.—Parliament was prorogued this afternoon by royal commission.

English Colonial Question.  
London, Aug. 9.—Raising to questions in the house of commons today, Joseph Chamberlain, secretary of state for the colonies, said no official confirmation had been received of the report that

## IMPORTANT CASE.

B. G. Wilson, of Continental Oil Company, Arrested.

For Doing Business in New Mexico Without a License.

Case to Be Taken to the United States Supreme Court.

FIRST ROUND IN THE DISTRICT COURT.

E. W. Dobson, the president of the territorial commerce commission, yesterday appeared before Judge J. W. Crumpacker in chambers, and being sworn testified that the Continental Oil company is a foreign corporation, not organized or doing business under the laws of New Mexico, engaged in the business of producing and refining petroleum and coal oil and the products thereof for illuminating purposes; that B. G. Wilson is the general agent and representative of said Continental Oil company, residing and doing business in the county of Bernalillo, New Mexico.

That the said company and B. G. Wilson, as agent, have been selling petroleum and coal oil and the products thereof for illuminating purposes in Bernalillo county and other counties of the territory, and are still selling the same, and have been so selling the same since March 15, 1899, without any license so to do from the territorial commerce commission, authorizing such corporation and its agent, to engage in selling and disposing of said products; and that the said company and its agent has not complied with the laws of New Mexico, authorizing them to do business in the territory, nor has it, nor any person for it, made written application therefor; but on the contrary, the said Continental Oil company, and its said agent, B. G. Wilson, have refused to procure a license from the said commerce commission when it demanded that the said Continental Oil company, and the said Wilson, apply for the same; and the said Continental Oil company refused to apply for such license and still refuses so to do and continues to sell petroleum and coal oil and the products thereof, for illuminating purposes in the said territory, and is doing and carrying on the business of selling the same without having obtained or applied for such license, in violation of the law.

Mr. Dobson states that he knew the above allegations to be true, and alleged that the Continental Oil company and its agent, B. G. Wilson, are each guilty of a misdemeanor, and prayed that a warrant be issued for the arrest of said B. G. Wilson, returnable according to law.

Judge Crumpacker granted the prayer of the petitioner and issued a warrant for the arrest of Mr. Wilson. The arrest was made by the sheriff, and Mr. Wilson is now nominally in his custody. The day of trial has not been set.

This is one of the most important, and probably the most important, suit ever commenced in the district court of Bernalillo county. Before it is finally settled it will, without question, be carried to the supreme court of the territory for final determination—this without regard to which side wins in the lower courts.

In these days of legislation by almost every state legislature, on the subject of trusts, the decision of the district court of Bernalillo county and of the supreme court of the territory in this very case may attain a high and commanding rank among the present law literature of the United States.

The last territorial legislature passed a law requiring all foreign corporations doing business within the territory to take out a territorial license. This they have, without exception, positively refused to do, and the present case is brought to test the legality of the territorial law requiring said license.

It may be that corporations, through the strict technicality of law, can avoid paying this small contribution toward the support of the government, whose protection they enjoy, but we believe not. It is contrary to common sense as well as the genius of democratic government, which insists that every individual and corporation should contribute his or its share, according to their wealth and possessions, toward bearing the public burden made necessary in order to preserve law and order in the community.

It seems strange indeed in these days when an angler people are everywhere crying aloud for justice and vengeance against arrogant and soulless corporations and trusts, that the manager of the Standard oil company, of which the Continental is a branch or probably better only a leaf, should possess so little foresight and tact as to unnecessarily irritate this angry feeling, by fighting to the last ditch a law that is so manifestly fair and just as was the one passed by the last New Mexico legislature. Should the territory be so fortunate as to get the decision in the first court of appeals in Washington, the territorial solons of 1901 would be justified in increasing the present license five or ten times as a recompense for the trouble which the territory has been put to by the obstinate and senseless opposition of the corporation.

Four thousand five hundred and Rocky Ford cantaloupes, Arizona grown, on sale at less than three cents each in crate lots at the San Jose Market to-morrow.

What Causes the Difference.  
J. A. Smith, general manager and owner of the El Paso Herald came up from the south last night, and in company with J. H. McIntosh, called for a few minutes at THE CITIZEN office. Incidentally, Mr. Smith got into a conversation

## DRIVE THE ENEMY.

Philippine Army Driven Five Miles by Gen. McArthur.

How Steamer Saturnus Was Destroyed by Filipinos.

Anti-Bryan Democrats of the State of New York Hold Convention.

STEAMER SUNK—CREW SAVED.

Washington, Aug. 9.—General Otis has sent the following cablegram: Manila, Aug. 9.—General MacArthur with 4,000 men attacked the insurgent army, six thousand strong, concentrated around San Fernando at 5:15 this morning. At 10 o'clock a. m. had driven it five miles in the direction of Angeles. Casualties few. The attack was ordered for the seventh instant, but rain did not permit the movement. The railway from Angeles north is badly washed by unprecedented floods the last six weeks, beyond the ability of the insurgents to repair.

GOLD DEMOCRATS.  
New York Democrats Do Not Favor Free Silver.

Syracuse, N. Y., Aug. 8.—A meeting of Chicago platform democrats of New York state was called to order here at 11:30 to-day with fifty delegates in attendance. A fight was precipitated on the floor. The anti-trust and anti-imperialism factions were on one side and the ultra-free silver faction on the other. Samuel O'Dell, of Auburn, and Austin Wheelock, of Geneva, led the fight for the anti-trust people. Thomas W. Cantwell, of Albany, and Jay W. Forrest, of Niagara, led the silver side.

In substance the resolution introduced by Mr. O'Dell declares that opposition to trusts and imperialism should be the paramount issue of the campaign of 1900. Rejection of United States senators by a direct vote of the people was also advocated.

Steamer Sunk.  
Victoria, B. C., Aug. 9.—The steamer Munobaki Maru foundered on Barred Islands on the 21st of July, and sank after the crew got off in the life boats. One boat, with thirteen of the crew, was picked up by the steamer Klukikat. Another boat, containing the second officer and seven men, was towed into Moja by a coaster of the Blue Funnel line, July 24. It is not known how many were in the two missing boats.

How It Was Captured and Burned by Philippine Insurgents.  
Manila, Aug. 9.—The steamer Saturnus of the Compagnie Maritime, coasting under the American flag, was discovered August 2 by the United States gunboat Pampanga, beached at San Fernando under the insurgent trenches. The steamer was taken by an armed band of the crew and the passengers taken off. The cargo consisting of merchandise and \$100,000 in specie has been sacked. Several attempts to tow the Saturnus off were unsuccessful. The Pampanga then left San Fernando in search of further assistance, whereupon the insurgents returned and set fire to the vessel. The United States gunboat Yorktown arrived here yesterday after bombarding San Fernando. The Saturnus was reported still smoldering and the steamer was a total wreck.

## WANTED—TWO HUNDRED POUNDS

old lead. Address C. Citizen office.

See the San Jose Market's melon and fruit display to-morrow.

Nothing but the best at Ruppe's soda fountain.

Piano Tuning.

Manitow Ginger Ale, quarts \$1.90 per Dozen, at Lowenthal & Meyers.

Nothing but the best at Ruppe's soda fountain.

A few days ago THE CITIZEN announced the arrival here of Thomas J. Topnam from Gallup. The gentleman has just purchased the Coyote Springs Mineral Water Company from Geo. K. Seher, and is now in possession.

Mrs. John Donahue, wife of Conductor Donahue, accompanied her husband to the city last night from El Paso, and she will remain here several days.

Mrs. Ben. Bothe and children have returned from Santa Monica, Cal., where they have been visiting for the past month.
